As a highly motivated computer engineering graduate with a strong passion for technology, I possess over 6 months of experience in development using PHP, JavaScript, HTML, and CSS for a company based in Nepal back in 2017. Additionally, I have gained valuable management skills through my experience in the restaurant service field in Japan, where I also achieved JLPT N3 certification. Recently, I successfully completed Le Wagon's Web Development Bootcamp and have been dedicated to continuously enhancing my skills and staying up-to-date with the latest industry trends.
